R&S Diamond Burs + + + + 1/2

CFPM
+33(0)1 45 91 31 82

Description

R&S Diamond Burs are available in a wide selection of shapes and sizes, and in five color-coded grits: super coarse, coarse, medium, fine, and super fine. The burs are made by the application of a homogeneous, plated diamond surface to a one-piece stainless steel blank. They are available in packages of five in a plastic box with a clear sliding top for easy identification and selection. The burs are guaranteed for 3-5 crown preparations. Three shapes (football, wide round-end taper, narrow round-end taper) in a coarse grit of the **R&S Diamond Burs** were evaluated by 29 consultants in over 380 uses. This product received a 91% clinical rating.

Suggested Retail Cost

- 4.4€ each, TVA included (super fine, fine, medium, and coarse)
- 9.3€ each, TVA included (super coarse)

Product Features

Consultants consistently gave **R&S Diamond Burs** high marks for packaging, fit to hand-piece, shank length, concentricity, and resistance to clogging. The cutting efficiency and durability of the burs were features that consultants appreciated. Several noted that the burs lasted longer and cut better than other burs they had used, making them very cost-effective. Eighty-two percent of consultants would switch to **R&S Diamond Burs** and 90% would recommend them to colleagues. ■

Editors' Note: This article was originally published in *THE DENTAL ADVISOR* as *Strauss Diamond Burs*. The change in name and minor changes in the article were made due to market branding.

Consultants' Comments

- ▶ "These burs work well in my electric handpiece."
- ▶ "Good bulk reduction with the coarse grit."
- ▶ "Can prepare several teeth with each bur."
- ▶ "Nice assortment of shapes."
- ▶ "The catalog is well laid out for easy ordering."
- ▶ "I'd like to have these in a short-shank version."
